

# PIETAS HONORS PROGRAM

---

The Pietas Honors Program (<https://www.bethel.edu/undergrad/academics/honors/>) is designed to encourage and serve students desiring a challenging academic program, embodying Bethel's long-standing commitment to the integration of faith and learning. The program provides an enriched educational experience for students with exceptional academic ability, creates a community for such students, enhances their preparation for the workforce and admission to graduate school, and enhances the general academic environment of the university.

Students in the program take a total of four Honors-specific courses, which fulfill general education requirements. The Office of Academic Affairs provides students with textbooks for these courses free of charge. Students also choose one additional course (at the 200-level or above) to add an Honors tag (H-tag), and enroll in HON 001 *Scholarship Project*. In H-tag courses, students collaborate with the course professor to explore a common area of interest by doing an in-depth research project. After the first year of the program, students engage in a significant leadership or service position at Bethel University and enroll in HON 002 *Stewardship Project*. This could include a role as a resident assistant, campus discipleship leader, officer of a recognized campus club or organization within the Bethel Student Government (<https://www.bethel.edu/undergrad/student-life/activities/bsg>) umbrella, tutor for the Academic Enrichment Support Center (<https://www.bethel.edu/undergrad/academics/support/>), or many others. In addition to these requirements, students are required to attend Honors Colloquia throughout their time in the program.

Students interested in applying to the Pietas Honors Program should visit the website or contact the program directors.
