

LANGUAGES AND CULTURES

The Languages and Cultures programs (<https://www.bethel.edu/undergrad/academics/languages-cultures/>) equip students to be culturally responsive and linguistically competent professionals. Our programs prepare graduates to understand, interact with, and serve with people from other cultures. Students learn to see God's diverse world from new perspectives and become globally aware graduates prepared to culturally engage with communities from a thoughtful, Christian perspective. Courses include language, culture, history, literature, and current issues. The languages students can choose from are American Sign Language (ASL) and Spanish. Languages and Cultures programs complement majors and minors from many other departments.

Study Abroad

The Spanish major (<https://www.bethel.edu/undergrad/academics/languages-cultures/majors-minors/spanish/>) requires students to live or study outside the United States. Bethel offers a semester-long program in Spain (see Off-Campus Programs (<https://catalog.bethel.edu/arts-sciences/general-information/off-campus-programs/>)) or students may work with the Office of International and Off-Campus Programs (<https://www.bethel.edu/international-studies/>) to select other programs abroad. In addition, students can participate in January session courses in Spanish-speaking countries.

Placement Evaluation

Prior to enrolling in a language course at Bethel, all students who have previously taken three or more years of the language at the high school level must complete a placement exam given by Languages and Cultures. Prerequisites for the course in which the student places will be waived upon petition. Students wishing to receive credit toward graduation for the courses that have been waived may do so through credit by examination (AP or CLEP) for a fee. Credits earned through examination do not count as electives in the major or minor in any of the world languages offered at Bethel.

Students transferring in college-level credits in the language to be studied may continue with the next course in the sequence at Bethel upon consultation with Languages and Cultures faculty, but may choose to take the placement test to ensure they enroll in the appropriate course for their language skills.

Language Evaluation

Students may fulfill Bethel's language requirement by:

1. Completing the second semester of the first year of a (beginning or introductory) college-level language class or higher with a passing grade at Bethel University (e.g., SPA 102S *Introductory Spanish II* or higher course into which student is placed).
2. Completing the second semester of a first-year (introductory or beginning) college-level language class or higher with grade of C or higher at another college/university (any language other than English).
3. Earning a score of 3 or better on an Advanced Placement language exam or a score of 50 or better on a language CLEP test.
4. Providing evidence of being a native or heritage speaker (contact the Language Testing Coordinator for more information at, language-testing@bethel.edu).

See the Second Language section (<https://catalog.bethel.edu/arts-sciences/general-information/general-education/themes-of-the-general-education-program/>) of this catalog under the General Education Program for further information about the language requirement.
